

## Guide to Scoring

Score	Reason
1	A score of 1 should be awarded if the policy is perceived to <i>negatively impact</i> the variable.
2	A score of two should be awarded if it is <i>uncertain</i> as to how the policy might impact the variable.
3	A score of 3 is awarded if it is certain that the policy will have <i>no negative impact</i> on the variable, even if it is <i>uncertain</i> whether the policy will have any <i>positive impacts</i> . In case the policy <i>does not have any linkage</i> to a variable, then a score of 3 should be awarded.
4	A score of 4 is awarded if the policy is perceived to have a <i>positive impact</i> on the variable
<b>***</b>	<b><i>Please note that rationales will have to be provided for all scores awarded. In the event a variable scores below 3, then alternatives or mitigation measure will also have to be recommended.</i></b>

## Domain: Living Standard

<b>1. Equity</b>	Will negatively impact the equity of income distribution	Do not know the differential effects on equity of income distribution	Will not have any negative effects on the equity of income distribution	Will positively impact equity of income distribution
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
<b>2. Economic Security</b>	Will decrease economic security	Do not know the differential effects on economic security	Will not decrease economic security	Will increase economic security
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
<b>3. Material Well-being</b>	Will decrease material well-being	Do not know the differential effects on material well-being	Will not decrease material well-being	Will increase material well-being
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				

<b>Suggested alternative/mitigation measure if score is 2 or below</b>				
<b>4.Engagement in Productive Activities</b>	<b>Will decrease opportunities to engage in productive activities</b>	<b>Do not know the differential effects on opportunities to engage in productive activities</b>	<b>Will not decrease opportunities to engage in productive activities</b>	<b>Will increase opportunities to engage in in productive activities</b>
<b>Score</b>	1	2	3	4
<b>Score Awarded</b>	<i>(Enter Score Here)</i>			
<b>Rationale for awarding score</b>				
<b>Suggested alternative/mitigation measure if score is 2 or below</b>				
	<b>Variable Score</b>			
1	Equity	(Enter Score Here)		
2	Economic Security	(Enter Score Here)		
3	Material Well Being	(Enter Score Here)		
4	Engagement in Productive Activities	(Enter Score Here)		
	<b>Domain Score (Living Standard)</b>	0		

**Domain: Good Governance**

<b>5.Participation in Decision Making</b>	Will decrease opportunities to participate in decision making opportunities	Do not know the differential effects on opportunitiesto participate in decision making	Will not have any negative effects on opportunities to participate in decision making	Will increase opportunities to participate in decision making
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
<b>6. Anti-Corruption</b>	Will increase opportunities to engage in corruption	Do not know the differential effects on opportunities to engage in corruption	Will not increase opportunities to engage in corruption	Will decrease opportunities to engage in corruption
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
<b>7. Legal Recourse</b>	Will decrease the opportunities to seek legal recourse	Do not know the differential effects on the opportunities to seek legal recourse	Will not have any negative effects on opportunities to seek legal recourse	Will increase opportunities to seek legal recourse
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				

<b>Suggested alternative/mitigation measure if score is 2 or below</b>				
<b>8.Rights</b>	<b>Will decrease protection of individual rights</b>	<b>Do not know the effects on protection of individual rights</b>	<b>Will not decrease protection of individual rights</b>	<b>Will increase protection of individual rights</b>
<b>Score</b>	1	2	3	4
<b>Score Awarded</b>	<i>(Enter Score Here)</i>			
<b>Rationale for awarding score</b>				
<b>Suggested alternative/mitigation measure if score is 2 or below</b>				
<b>9. Gender</b>	<b>Will be detrimental to the advancement of gender equality</b>	<b>Do not know the effects on gender equality</b>	<b>Will not negatively affect gender equality</b>	<b>Will advance gender equality</b>
<b>Score</b>	1	2	3	4
<b>Score Awarded</b>	<i>(Enter Score Here)</i>			
<b>Rationale for awarding score</b>				
<b>Suggested alternative/mitigation measure if score is 2 or below</b>				
<b>10. Transparency</b>	<b>Will decrease transparency standards on government policies and programmes</b>	<b>Do not know the effects on the transparency standards on government programmes and policies</b>	<b>Will not decrease the transparency standards on government policies and programmes</b>	<b>Will increase the transparency standards on government policies and programmes</b>
<b>Score</b>	1	2	3	4
<b>Score Awarded</b>	<i>(Enter Score Here)</i>

**Domain:Education**

<b>11. Skills and Learning</b>	<b>Will decrease opportunities to enhance skills and learning</b>	<b>Do not know the effects on the opportunities to enhance skill and learning</b>	<b>Will not decrease opportunities to enhance skills and learning</b>	<b>Will create/increase opportunities to enhance skills and learning</b>
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
	<b>Variable score</b>			
1	Skills and Learning	<i>(Enter Score Here)</i>		
	<b>Domain Score (Education)</b>	0		

**Domain:Health**

<b>12. Public Health</b>	<b>Will increase public health risks</b>	<b>Do not know the effects on public health risks</b>	<b>Will not increase public health risks</b>	<b>Will decrease public health risks</b>
<b>Score</b>	1	2	3	4
<b>Score Awarded</b>	<i>(Enter Score Here)</i>			
<b>Rationale for awarding score</b>				
<b>Suggested alternative/mitigation measure if score is 2 or below</b>				
	<b>Variable score</b>			
1	Public Health	(Enter Score Here)		
	<b>Domain Score (Health)</b>	0		

**Domain: Ecology**

<b>13. Water and Air Pollution</b>	Will lead to increase in water and air pollution	Do not know the differential effects on water and air pollution	Will not increase water and air pollution	Will lead to decrease in water and air pollution
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
<b>14. Land Degradation</b>	Will increase land degradation	Do not know the differential effects on land degradation	Will not increase land degradation	Will decrease land degradation
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
<b>15. Bio-Diversity Health</b>	Will diminish the health of plant and animal diversity	Do not know the differential effects on the health of plant and animal diversity	Will not diminish the health of plant and animal diversity	Will improve the health of plant and animal diversity
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				

<p><b>Suggested alternative/mitigation measure if score is 2 or below</b></p>				
	<p><b>Variable Score</b></p>			
1	Water Pollution	(Enter Score Here)		
2	Land Degradation	(Enter Score Here)		
3	Bio diversity Health	(Enter Score Here)		
	<p><b>Domain Score (Ecology)</b></p>	0		

## Domain:Community Vitality

<b>16.Social Support</b>	Will decrease the available social support	Do not know the effects on the available social support	Will not decrease available social support	Will increase the available social support
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
<b>17.Family Interaction</b>	Will decrease the time available for family interaction	Do not know the differential effects on time available for family interaction	Will not decrease the time available for family interaction	Will increase the time available for family interaction
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
	<b>Variable Score</b>			
1	Social Support	(Enter Score Here)		
2	Family	(Enter Score Here)		
	<b>Domain Score (Community Vitality)</b>	0		

### Domain:Time Use and Balance

18.Leisure	Will decrease opportunities for leisure	Do not know the differential effects on the opportunities for leisure	Will not decrease the opportunities for leisure	Will increase the opportunities for leisure
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
	Variable Score			
1	Leisure	(Enter Score Here)		
	<b>Domain Score ( Time use and Balance)</b>	0		

**Domain:Culture**

<b>19.Culture</b>	<b>Will decrease opportunities to participate in cultural traditions and practices</b>	<b>Do not know the differential effects on the opportunities to participate in cultural traditions and practices</b>	<b>Will not decrease the opportunities to participate in cultural traditions and practices</b>	<b>Will increase the opportunities to participate in cultural traditions and practices</b>
<b>Score</b>	1	2	3	4
<b>Score Awarded</b>	<i>(Enter Score Here)</i>			
<b>Rationale for awarding score</b>				
<b>Suggested alternative/mitigation measure if score is 2 or below</b>				
<b>20.Values</b>	<b>Will undermine Bhutanese Values</b>	<b>Do not know the differential effects on Bhutanese Values</b>	<b>Will not weaken Bhutanese Values</b>	<b>Will promote Bhutanese Values</b>
<b>Score</b>	1	2	3	4
<b>Score Awarded</b>	<i>(Enter Score Here)</i>			
<b>Rationale for awarding score</b>				
<b>Suggested alternative/mitigation measure if score is 2 or below</b>				
	<b>Variable Score</b>			
1	Culture	(Enter Score Here)		
2	Values	(Enter Score Here)		
	<b>Domain Score (Culture)</b>	0		

## Domain: Psychological Wellbeing

<b>21.Spiritual Pursuits</b>	Will decrease opportunities to engage in spiritual pursuits	Do not know the differential effects on the opportunities to engage in spiritual pursuits	Will not decrease the opportunities to engage in spiritual pursuits	Will increase the opportunities to engage in spiritual pursuits
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
<b>22.Stress</b>	Will create conditions that lead to increase in stress levels	Do not know the differential effects on conditions that affect stress levels	Will not create conditions that lead to increase in stress levels	Will create conditions that lead to decrease in stress levels
Score	1	2	3	4
Score Awarded	<i>(Enter Score Here)</i>			
Rationale for awarding score				
Suggested alternative/mitigation measure if score is 2 or below				
	<b>Variable Score</b>			
1	Spiritual Pursuits	(Enter Score Here)		
2	Stress	(Enter Score Here)		
	<b>Domain Score (Psychological wellbeing )</b>	0
